Participants should be able to complete each of the online enrichment opportunities in a few hours. Each of them are broken up into smaller (usually 5 to 10 minutes) parts so you can complete the work as you find time. There is a final Zoom for each opportunity; this is really the fun part of the experience as you get to meet those who have been learning the same things and share your experiences. A few of the opportunities have an additional Zoom, which is noted in the information above.

If you have questions and don't know who to contact locally, contact Lisa at tlolson@venturecomm.net and she will get you in touch with someone who can help you to register and begin.
